

## session (A)

## Tmux

### note

① To print all running tmux sessions  
(`tmux ls`)

② To attach particular session  
(`tmux attach -t 0`)

③ Rename session  
(`tmux rename-session -t 0 my name`)

④ Enter a new session with name  
(`tmux new -s my-name`)

⑤ To kill session  
(`tmux kill-session -t 0`)
